2010 Revenue Policy Disclosure

1. The table below shows the proportion of proposed 2010 revenue raised from each funding source. One column shows the proposed revenue including Transfer to Other Governments and the other excluding the Transfers to Other Governments. Transfers to Other Governments are funds requisitioned by other government or government agencies for specifically defined projects.

The Village has a bylaw to charge specific administrative fees for various tasks, such as tax certificates, titles searches, rentals as well as other tasks including a 10% administrative fee. This bylaw is updated when needed, with the last amendment being March 2008. By billing these fees to individual users, this allows a more realistic tax levy as the tax payers are not subjected to funding these miscellaneous expenses.

The Village of Pemberton will continue to seek other sources of revenue to reduce the reliance on property taxes.

In 2007, Council realized that the creation of a Capital Reserve and Equipment Reserve was prudent to reducing potential tax rate increases and borrowing for future capital projects. As such the Village will continue to build up reserves to fund major capital projects. Borrowing will be considered when a capital project will provide benefits to taxpayers over a long period.

Frontage and/or Parcel Taxes are taxes levied for the purpose of paying the debt on the Municipality's Infrastructure, such as our new Sewer Treatment Plant and our New Well. The rates are reviewed annually to determine if they meet the required debt payment schedule for the upcoming fiscal year.

Revenue Source	% Total Revenue(\$8,369,805) Including Transfers to Other Governments	% Total Revenue (\$6,187,623) Excluding Transfers to Other Governments

2. The Village follows the Ministry's Provincial Class Multiples established by British Columbia Regulations 426/203 and 439/2003 shown below.

In addition, the Ministry also sets a ceiling for the maximum allowable rate for class 02. Following is the regulation:

BC Regulation 329/96 defines a rate ceiling for class 02 property for 2000 and subsequent years. The regulation states:

- "2. In setting the tax or levy rate for class 2 property for general municipal purposes, a municipality must not exceed the greater of
- a) \$40 for each \$1,000 of assessed value, and
 - b) 2.5 times the rate applicable to class 6 property for general municipal purposes in the municipality for the same taxation year."

The Village falls within this acceptable range.

The following table outlines the distribution of taxes between the property tax classes.

Property Class	Multiples	% of Total Property Value Tax (\$1,000,816)	% of Total Property Assessment Value (\$426,989,972)
Residential (Class 01)	1.00	64.4%	83.5%
Utilities (Class 02)	3.50	1.1%	.2%
Light Industry (Class 05)	3.40	1.7%	.6%

3. Following is a list of permissive exemptions granted for the taxation year and the amount of municipal tax revenue forgone:

Municipal Buildings:	\$ 7,849
St. David's United Church:	503
Pemberton Childcare Society:	<u>1,563</u>
Total Municipal Revenue Forgone:	\$ <u>9,915</u>

These exemptions follow the requirements of Council's Permissive Exemption Policy adopted in 2006.

Permissive Tax Exemption Policy:

Council will support local organizations through permissive tax exemptions as provided under the *Community Charter*.

In reviewing the request for permissive exemptions, Council Members should ensure:

1. The use is consistent with Municipal policies, plans, bylaws, codes and regulations. This will ensure the goals, policies, and general operating principles of the Municipality as a whole are reflected in the organizations that receive Municipal support.
2. Exemptions are not given to services that are otherwise provided on a private, for profit basis. This would provide an unfair competitive advantage.
3. The services provided by the organization should be an extension of Municipal services and programs and must fall under the responsibility of local government. Senior government program costs must not be transferred to property taxpayers, as this would represent double taxation and an inequitable tax burden.
4. Primarily Village of Pemberton residents should use the services and the organization's regulations must allow all Pemberton residents to participate.
5. The taxation burden resulting from the exemption must be a justifiable expense to the taxpayers of the Village of Pemberton. The sources of Municipal revenue are limited and request for exemption must be considered in concert with other needs of the Municipality.

Notes to the Village of Pemberton's
Financial Plan**

Note 1

General Assumptions:

1. A 10% Administration Fee will be charged to individual user requests and tasks.
2. General Municipal Property Taxes will be increased for inflation by 3% per year for the years 2010 to 2014.
2. There is new construction for 2010 of \$9,464,845.
3. Operating expenses will increase by 3% each year.
4. General Debt Collections, Frontage and/or Parcel Taxes, will equal the general debenture interest and principle payments. This tax is paid by all property owners within the Village of Pemberton who have the ability to connect to the Village's Infrastructure.
5. The Industrial Park parcel taxes will equal the debt based on the overall costs of the project. Only those properties that did not choose to commute their cost will be levied.
6. User fees for water and sewer increased 3% in 2010.
