Village of Pemberton PUBLIC WORKS DEPARTMENT

RFP SPECIFICATIONS SHEET

VEHICLE ID: RFP 2018-04

VEHICLE TYPE:

Supply and deliver a 4wd Backhoe with extendahoe

This unit will be used by our various municipal departments for duties such as snow and trenching. They will operate In snow covered winter climates as well as in the su and must meet all the requirements of Worksafe BC and OSHA. These machines sh requirements.

General Description		Manditory Specifications	
1	Model:	4wd Backhoe w/ extendahoe	
2	Machine Overall Width:	Maximum: 92 inches	
3	Net Engine Output @ Flywheel:	Minimum: 93 HP (69kW)	
4	Net Engine Peak Power @ 1800rpm	Minimum: 105HP (78kW)	
	Net Peak Torque @ 1400 RPM	Minimum: 320ft-lb (435 N-m)	
5	Engine Tier:	Minimum: Tier 3 Final (Prefured Model)	
6	Efficiency	Fuel Economy Control Function	
	Engine Priming Pump	Electric Fuel Priming Pump	
	Water Seperator	Water/ Sediment bowl with water seperator Service indicator light	
	Fuel Filter	Minimum Primary: 10 micron Minimum Secondary: 4 micron	
7	Blockheater:	Installed	
8	Cold Weather Package:	For cold starting to -25°c without ether	
	Cold Weather Engine Protection	Minimum -37°c with extended life antifreeze with minimum 5 years before replacing	
9	Transmission/Differential:	Fully Automatic 4forward, 3reverse	
		2WD with an option to switch into 4WD	
		4WD to be able to engage anytime by activating switch on console whether moving or stopped and also with a load	
	Alternator Output:	Minimum: 150 Amps	
	Battery	2 x maintenance free 880CCA	
	Battery Disconnect Switch	Installed	
	Engine Air Filter	Pre-cleaner and Dust ejector	
	Automatic Engine Speed Control	Reducing engine speed when backhoe is not in use	
10	2WD/4WD	Electrically selected 4wd	

11	Bucket Lift Breakout Force:	Minimum: 11000 lbs
12	4 in 1 Bucket:	Minimum Width: 90"
13	Safety:	
а		ROPS
b		Seat Belt
с		Turn signals
d		Hazard Lights
е		LED Rotary light installed
f	mounted on rear of cab:	slow-moving vehicle sign
14	Joystick operation:	Bucket (4-in-1), Thumb and Boom
15	Snowplus Tires:	Rubber with Snoplus tread pattern
16	Extendable diggin Arm:	Extendable Length Digging Arm
17	Digging Arm Width:	Maximum: 10inches
18	1Way/2Way Control Valve:	For thumb
19	Thumb.Hammer Hydraulics	All hoses plumbed and installed:
20	Heater:	Cab/canopy heater
21	Aux Quick connects:	Installed
	COMPANY:	

	General Description	Manditory Specifications
23	Cab	
а		Fully Enclosed Lockable Factory Cab
		Operator control to disable, or lock, the backhoe Pilot Controls with a single switch on the console.
		Backhoe Pilot Controls locking switch shall always indicate the correct state of the controls, "locked" or "unlocked," and be lit when "locked".
		Engine RPM also be controlled by Electronic rotary dial
		Standard air suspension seat w fore and aft adjustments and release for 180 degree swivel
b		Air conditioning
с		Heater/Defroster/Pressurizer
d		Windsheild Defrosters
е		Intermitant Wipers Front and Rear
f		Air-ride Susp. Seat w/arm rests
g		Pull down Sun Visor
h		Radio w/ Bluetooth and Aux. Input
i		Tilt/ telescopic Steering Column
j		Sun Visors
k		Electric Hoe Pattern Change Switch
		Dual Doors
m		Tinted Safety Glass
n		Molded Floor Mats
р		Auto Engine Speed Control Electric Auxiliary socket on roof for aux connections with operator accessible switch inside the cab
q	Located on joystick:	On the Fly Differential Lock
r		Maximum Sound Level: 79dba
s		Pilot Controls
t		Front and Rear window washer
24	Warning Display Functions:	Service Due, Air Filter Warning, High Engine/Trans Temp Warning, Fuel Water Seperator Warning Light

25	Hydraulics:	Hydraulic pump rating of 43gpm (163lpm)	
		Must have auxiliary flow control for best attachment controllability	
		Flow sharing valves for machine multifunctionality	
		Maximum Hydraulic pump pressure minimum 3600psi for Backhoe and 3600psi for loader	
22	Hydraulic Bucket Thumb:	Installed	
а	backhoe:	Bidirectional Proportional Aux. Hydr.	
b	loader:	Aux hydraulics for loader equipment	
с	Must capable of operating the	Compactor, Front mounted 5-Way	
d	functions of the following	Blade, Sweeper, 4 in 1 bucket, Hoe	
е	listed implements:	Pac Compactor,	
26	Locking ToolBox:	Securly mounted to exterior	
	COMPANY:		

-	General Description	Manditory Specifications
27	Backhoe:	Center-Pivot type with Hydraulic Stabilizers
а		Minimum digging depth: 14ft. 4in.
b		Boom Width no wider than 10"
с		Hydraulic quick coupler
d		Cat style lugging
е		6 Function
f		Minimum: 8 cu. Ft. buckets
g		Extenda boom Backhoe joystick equipped with quick
		idle down feature; lowers engine speed
h		Minumum width: 40 inches
		Minumum width: 24 inches
	I renching bucket:	Width: 12 inches to 14 inches
k		Thumb installed
		Curved Boom for confined area work
m		Minimum : 14200lbs Extendable Stick
n		Minimum: Extendable Stick 9700lbs
0	Backhoe Bucket	Minimum: 205° of bucket rotation Minimun Cushioned swing arc: 180
р	Backhoe	-
q		all sticks shall be thumb ready with thumb cylinder mounts and stops, thumb must be able to be added without welding
		Extendablle stick shall be self lubricatring, adjusted with shims and require no grease
		Exterior mounted boom cylinder for serviceability
		Stick cylinder shall be Exterior mounted for serviceability
		Swing lock for transport
		Boom lock that is controlled from the seat
		Stabilizer Lock Valves
		Excavator style pilot operated joystick controls controls

Monditor ooifiooti **.**

COMPANY:	35	Additional Battery:	Too assist with cold starts
		COMPANY:	

General Description		Mandatory Specifications	
36	Jump Start Terminals:	Easy access w/master disconnect	
37	Reversable Stabilizer Pads:	Installed	

38	Rear Fenders:	Installed	
39	Loader Quick Coupler:	Hydraulic "Cat" Style Installed	
40	Backhoe Quick coupler:	Hydraulic "Cat" Style Installed	
42	Extendable diggin Arm:	Extendable Length Digging Arm, SAE Standards rated bucket digging force 14,400lb(64kN) standard stick, 14,200lb(63nK) extendible stick	
	Serviceability:		
		Transmission, differential and hydraulics must have separate fluid resevoirs	
		Engine oil, transmission oil, hydraulic oil, brake fluid, washer fluid, coolant, engine air filter, and engine air filter monitor shall all be consolidated service points, accessible under the hood with loader arms down.	
		cooling package, including radiator, transmission oil cooler, hydraulic oil cooler, fuel cooler and ATAAC shall be easily accessible without use of tools.	
		Batteries accessible without the use of handtools and unit shall come standard with Easy access jump posts	
		Swing cast utilize serrated pins and dimpled bearings for grease rotation	
		Swing frame to have replaceable bushings installed in the pin joints for the boom, swing cylinder rod ends and swing post	
		rear axle to have brake wear check ports, for access to inspect brake pad wear	
		Water sediment to be drained from the fuel/water seperator from a standing position without tools	
	General Description	Requested Specifications	
43	Service and Parts Manuals:	CD, Paperback and Web access	
44	Keys:	5 complete sets upon delivery	
45	Parts Purchasing Discount:	please specify:	
46	46 Powertrain Warranty: please specify:
