

VILLAGE OF PEMBERTON **EVACUATION ALERT**

Due to unusually high seasonal temperatures and consequent snowmelt, river levels in the Pemberton Valley have been rising at a rapid rate. The BC River Forecast Centre has issued a Flood Watch and groundwater saturation has already resulted in some surface flooding. Environment Canada forecasts a prolonged extreme heat event, with temperatures expected to remain high for several days. Areas at risk include those along the water channels known as the Lillooet River, the Ryan River, the Miller River, the Green River, the Birkenhead River, Pemberton Creek, and Lillooet Lake.

Because of the potential danger to life and health, the Village of Pemberton has issued an **Evacuation Alert** for the following areas.

WHAT YOU SHOULD DO WHEN AN ALERT IS IN EFFECT

Upon notification of an ALERT, you should be prepared for the Evacuation Order by:

- Locating all family members or co-workers and designate a meeting location outside the evacuation area, should an evacuation be called while separated.
- Gathering essential items such as medications, eyeglasses, valuable papers (i.e., insurance), immediate care needs for dependents and, if you choose, keepsakes (photographs, etc.). Have these items readily available for quick departure.
- Preparing to move any disabled persons and/or children.
- Moving pets and livestock to a safe area.
- Arranging to transport your household members or co-workers in the event of an evacuation order. If you need transportation assistance from the area, please call the Village of Pemberton at 604.894.6135
- Arranging accommodation for your family if possible. In the event of an evacuation, Emergency Support Services will be available.
- Monitoring news sources for information on evacuation orders.

Further information will be issued as required and available at www.pemberton.ca and through PembertonAlert emergency notification system. Service is free, subscribe online at pemberton.ca
