

Notice of Community Information Meeting

Hello Neighbour,

For the past 30 years, Sea to Sky Community Services has been a proud member of the Pemberton community. To continue serving the area, and respond to the increasing need for affordable housing, we are proposing to build a new mixed-use building on Harrow Road.

Come out to learn more about our plans.

When: 5:30-7:30 pm. September 8, 2022

Where: SSCS Program House, 1341 Aster St.

About the Project

SSCS has applied for a rezoning and development permit for a 5-storey mixed-use building that includes a ground floor of market commercial and community service space and 63 units of housing above.

The residential units will be rented at affordable rates, following BC Housing's Community Housing Fund rental structure.

About Sea to Sky Community Services

With compassion, respect and care, SSCS provides high quality programs throughout our region to enhance the lives of residents at every age and stage of life. To do this, we offer affordable housing for low to moderate income earners, early childhood care and education, social supports, and mental health services. The organization's main activities encompass six different service delivery areas which are the core structure of our programs and services. These areas are Affordable Housing, Youth, Community Inclusion, Adults and Families, Children and Child Care Services, and Outreach Services.
