The proposed development consists of a five (5) storey mixed use building, with a total building height of 19 metres. The first floor consists of 650 square metres of community services space and 185.8 square metres of neighbourhood commercial space. Floors 2 – 5 host 63 dwelling units ranging in size from 1 to 3 bedrooms. 30% of the units will be rented at market rates, 50% of the units will have rents linked to income, and 20% of units will be deep subsidy as defined by BC Housing. The proposed development provides 79 parking spaces.
