Management Report

To the Mayor and Council of the Village of Pemberton,

Management is responsible for the preparation and presentation of the accompanying financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards and ensuring that all information in the annual report is consistent with the statements. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of financial statements.

The Mayor and Council are composed entirely of individuals who are neither management nor employees of the Village. The Mayor and Council are responsible for overseeing management in the performance of its financial reporting responsibilities, and for approving the financial statements. The Mayor and Council fulfill these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors. The Mayor and Council are also responsible for appointing the Village's external auditors.

MNP LLP, an independent firm of Chartered Professional Accountants, is appointed by the Mayor and Council to audit the financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically with, both the Council and management to discuss their audit findings.

In accordance with the *Community Charter*, the 2023 Audited Consolidated Financial Statements were presented and approved by Council on July 23, 2024; the Statement of Financial Information (SOFI) was presented to Council for approval on July 23, 2024.
